Prolotex™ *Open Fingertip Gloves*

Prolotex™ therapeutic Open Fingertip Gloves are light, comfortable and can be worn 24 hrs a day

PROLOTEX™ Open Fingertip Far Infrared Therapy Gloves are great for healing: Rheumatoid Arthritis, Osteoarthritis, Psoriatic Arthritis, Swollen joints, Trigger Fingers & Thumbs, Carpal Tunnel Syndrome and general hand pain. Open Finger gloves provide dexterity and use of fingertips while still providing therapeutic healing.

Prolotex™ Far Infrared *OPEN FINGERTIP* Gloves are our number one best selling gloves for treating Carpal Tunnel Syndrome!

You can wear these *OPEN FINGERTIP* Gloves during the day, while working at your computer, or golfing, cycling etc. Some people even use them while they drive. The more you wear them... the more benefit you will gain from the gentle Infrared energy waves emitted from the Bio-Ceramics that are fused into the threads.
